SECTION 2 - SCOPE OF WORK

Low/Zero Emission Propulsion Study and Transition Plan

2.1 GENERAL INFORMATION

Fort Wayne Public Transportation Corporation (CITILINK) was established in 1968 to provide public transportation services within the city of Fort Wayne, Indiana. CITILINK is a division of local government established separately from city and county government, although the seven-member Board of Directors is appointed by the Fort Wayne Mayor and City Council. Fort Wayne is the second largest city in the State of Indiana with a population near 266,000 residents.

CITILINK operates Fixed Route, Deviated Fixed Route, and ADA Complementary Paratransit service using a fleet of 65 buses. CITILINK employs 125 people including management and administrative personnel and unionized bus operators and maintenance personnel, who are members of ATU Local 682. Annual ridership was 1.6 million annual passenger trips in 2019. Ridership declined in 2020 due to the pandemic and is gradually being restored, with 1.3 million passenger trips provided in 2021. The annual operating budget for 2022 is \$17.1 million.

CITILINK’s General Manager/CEO, Mr. Metzinger, has revised its corporate strategy, with plans to deliver improved public transportation and better value to the community. The Board of Directors has given the agency five outcomes to achieve in the following priority order: 1) Organization Capacity, 2) Employees are Valued, 3) Customer Experience, 4) Financial Sustainability, and 5) Community Value.

2.2 FLEET INFORMATION

CITILINK currently operates a fleet of 34 Gillig buses in its fixed route operations. These are 35 and 40 feet in length. 22 are hybrid diesel-battery electric buses and the remaining are diesel buses.

CITILINK operates six cutaway style vans for its deviated fixed route (“Flex Route”) operation. The existing fleet are Glaval, Champion, and Elkhart Coaches using diesel or gasoline. Two replacement Elkhart Coaches using gasoline are on order.

CITILINK operates 18 cutaway style vans for its paratransit operation (called “Access”). These are Glaval, Champion, and Elkhart Coaches using diesel or gasoline. Ten replacement Elkhart Coaches using gasoline are on order.

The service vehicle fleet includes 13 vans and trucks with gasoline engines.

CITILINK’s assumption is that we will eventually transition to a low- or zero-emission fleet, but no decisions have been made to date. Given the availability of significant federal funding in the Bipartisan Infrastructure Act, CITILINK desires to have a

Transition Plan in place by April 2023 so that an application may be submitted for funding as early as May 2023.

2.3 SCOPE OF WORK

The transit bus market is rapidly changing with battery electric buses emerging as the dominant new technology. The use of compressed natural gas (CNG) is a proven, mature technology which offers many benefits. Hydrogen fuel cell technology is being increasingly used by transit agencies and holds potential advantages, including the potential availability of hydrogen for purchase from IndyGo in Indianapolis. Threats from climate change and a preference for low- and zero-emission propulsion in the Bipartisan Infrastructure Law will dramatically change the vehicle propulsion landscape in the next few years.

CITILINK wishes to hire a consulting team to conduct an impartial analysis of low- and zero-emission bus propulsion technologies, to identify available alternatives, the costs, benefits, risks, and timelines, to assess existing infrastructure and identify needs and capabilities for various powering/fueling options, and to develop an achievable transition plan according to the requirements of the Bipartisan Infrastructure Law. Ultimately, CITILINK may wish to apply for discretionary funding under the Grants for Buses and Bus Facilities Competitive Program (29 U.S.C. 5339b) and the Low or No Emission Program (49 U.S.C. 5339c) as early as May 2023. This timeline would require CITILINK’s Board of Directors to choose our path and adopt a Transition Plan by April 2023.

Respondents to this RFP should prepare their own methodology and work plan based upon this timeline. The following deliverables must be addressed in the work plan:

1. **Alternatives Identification and Analysis.** Provide a summary-level comparison of viable technologies including diesel, CNG, hybrid, battery electric, hydrogen fuel cell and other alternatives. Analysis should include life cycle operating and capital costs, benefits, risks and timelines for each alternative. Operating costs should include maintenance repairs over the life cycle of vehicles, and an analysis of the availability in the supply chain for repair parts should be included. The analysis should consider how alternatives would be suitable considering the range requirements of CITILINK’s fixed route, deviated fixed route, and paratransit operations, along with operating models to describe how charging, recharging, and fueling of vehicles would ideally occur.

2. **Assess existing infrastructure and identify needs.** For each alternative, provide an assessment of existing infrastructure available to our two facilities in Fort Wayne including utilities infrastructure needed to support low- or zero-emissions solutions, such as availability of electricity, natural gas, and hydrogen. Engage in discussions with utility providers to determine the measures they would be willing to undertake to add the necessary supply to the sites. Determine the extent to which alternative energy sources such as solar panels could help support the transition to an all-electric fleet along

with projected costs and return on investment including possible savings from net-metering, if available. Costs for infrastructure should be projected including the costs of land acquisition, environmental assessments, remediation, architectural and engineering services, and construction. Assess what forms of backup power supply would be necessary to fuel/power buses in the case of outages.

3. **Staff engagement.** Lead strategy planning session(s) with key maintenance and operations personnel and union leaders with the aim of assessing employee readiness, maintenance and safety training, certifications, and resource needs for each alternative.

4. **Public engagement.** Lead at least two planning sessions with representatives from the community, stakeholders, advocates, environmentalists, and others in public sessions to collect input from the public.

5. **Documentation of potential emission reductions for each alternative.** Beginning with calculation of CITILINK’S existing emissions (including CO₂, NO_x, Sox, CO, particulate matter, and any other emissions required to be addressed in the Bipartisan Infrastructure Law), calculate and compare potential emissions reduction for each alternative.

6. **Board engagement.** Lead strategy planning session(s) with the Board of Directors and key management staff to select the best alternative for CITILINK.

7. **Develop Low- or Zero-Emissions Transition Plan.** Develop this plan for the selected alternative according to the Bipartisan Infrastructure Law’s statutory requirements with the objective of the plan being finally adopted by the Board of Directors in April, 2023. See [this web page](#) for the Federal Transit Administration’s (FTA’s) guidance on the fleet transition plan.

3.5 PROHIBITION OF DISCRIMINATION IN STATE CONTRACTS

In accordance with I.C. 22-9-1-1, *et seq.*, The contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or as a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status. The contractor will comply with all relevant published rules, regulations, directives, and orders of the Indiana Civil Rights Commission, which may be in effect prior to the taking of proposals for any individual state project.

The contractor will furnish and file compliance reports within such time as upon such forms as provided by the Indiana Civil Rights Commission, said forms may also elicit information as the practices, program, and employment statistics of each subcontractor as well as the contractor themselves, and said contractor will permit access to their books, records, and accounts by the Indiana Civil Rights Commission and/or its agent, for purposes of investigation to ascertain compliance with this contract and relevant with rules, regulations, and orders of the Indiana Civil Rights Commission.

In the event that the Civil Rights Commission finds, after a hearing held pursuant to its rules, that a contractor has not complied with the contractual obligations under this agreement, the Civil Rights Commission may, as part of its order based upon such findings, certify said findings to the Administrative Board of the State of Indiana, which Administrative Board may order the cancellation of the contract found to have been violated and/or declare the contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, and including the governing boards of institutions of higher education, until the contractor complies with said order of the Civil Rights Commission. Notice of said declaration of future ineligibility may be given to any or all of the persons with whom the contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Civil Rights Commission to participate in such proceedings.

The contractor will include, or incorporate by reference, the provisions of the foregoing paragraphs in every subcontract or purchase order unless exempted by the rules, regulations or orders of the Indiana Civil Rights Commission, and will provide in every subcontract or purchase order that said provisions will be binding upon each subcontractor or seller.

Proposers are invited to indicate in their Proposal or other documents that material pertinent to the Proposer's ability or capacity is available for viewing. However, Proposals that, in CITILINK's sole opinion, are too heavily dependent on viewing material and provide little written material on which CITILINK may evaluate the Proposer, may receive lower evaluation scores and the Proposer will not be considered further.
- I. CITILINK is under no obligation to meet with or view material from Proposers whose Proposals do not fall within a competitive range after evaluation.
- H. **Required Certifications must be completed and submitted with Technical Proposal (See Appendix A).**

CITILINK shall have the right to be represented therein by advisory counsel of its own selection at its own expense.

The obligations of the Contractor shall not extend to circumstances where the injury, or death, or damages is caused, in whole or in part, by the negligence of any third party operator, not including an assignee or subcontractor of the Contractor, subject to the right of contribution as provided in the next sentence below. In case of joint or concurrent negligence of the parties hereto giving rise to a claim or loss against either one or both, each shall have full rights of contribution from the other.

3.12 COMPLETE AGREEMENT

The Contract resulting from this Solicitation, including exhibits and other documents incorporated in the Contract or made applicable by reference, constitutes the complete and exclusive statement of the terms and conditions of the Contract between the Contractor and CITILINK. The Contract supersedes all prior representations, understandings, and communications. The validity in whole or in part of any term or condition of the Contract shall not affect the validity of other terms or conditions. CITILINK’s failure to insist in any one or more instances upon the Contractor’s performance of any term or condition of the Contract shall not be construed as a waiver or relinquishment of CITILINK’s right to such performance, or to future performance, of such term or condition by the Contractor, and Contractor’s obligation for performance of that term or condition shall continue in full force and effect.

3.13 DISPUTES

1. Disputes arising in the performance of this Contract, which are not resolved by agreement of the parties, shall be decided in writing by the authorized representative of CITILINK’s General Manager. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the General Manager shall be binding upon the Contractor and the Contractor shall abide by the decision.
2. Unless otherwise directed by CITILINK, Contractor shall continue performance under this Contract while matters in dispute are being resolved.
3. Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts they are legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury of damage.
4. Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the CITILINK and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Indiana.

5. The duties and obligations imposed by the Contract Documents and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the CITILINK, or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or consent in any breach hereunder, except as may be specifically agreed in writing.

If a firm or partnership makes the proposal, the name and address of the firm or partnership and the signature of at least one of the general partners must be shown. If a corporation makes the proposal, the proposal shall show the name of the state under the laws of which the corporation is chartered, the name and address of the corporation and the title of the person signing on behalf of the corporation. Upon request of CITILINK, the corporation shall provide a certified copy of the bylaws or resolution of the board of directors showing the authority of the officer signing the proposal to execute contracts on behalf of the corporation.

4.6 MODIFICATION OR WITHDRAWAL OF PROPOSALS

- A. A modification of any part of a proposal already received will be accepted by CITILINK only if the modification is received prior to the Proposal Due Date.
- B. A Proposer may withdraw the entire proposal already received prior to the Proposal Due Date by submitting a written request for withdrawal executed by the Proposer's authorized representative. After the proposed Due Date, a proposal may be withdrawn only if CITILINK fails to award the Contract within the proposal validity period or any agreed upon extension thereof. The withdrawal of a proposal does not prejudice the right of a Proposer to submit another proposal within the time set for receipt of proposals.
- C. This provision for modification and withdrawal of proposals may not be utilized by a Proposer as a means to submit a late proposal and, as such, will not alter CITILINK's right to reject a late proposal.

4.7 PROPOSAL EVALUATION, NEGOTIATION AND SELECTION

- A. General Information
 - 1. Proposals will be evaluated, negotiated, selected and any award made in accordance with the criteria and procedures described in this section. Subject to CITILINK's right to reject any or all proposals, the Proposer will be selected whose proposal is found to be most advantageous to CITILINK, based upon consideration of the criteria. During the initial review of proposals, CITILINK reserves the right to request clarification of minor issues from any Proposer to assure a complete understanding of their offer and to adjust any evaluations made with incorrect or unclear information.
 - 2. CITILINK will consider all the material submitted by the Proposer and related evidence CITILINK may obtain to determine whether the Proposer is capable of and has a history of successfully completing contracts of the type solicited. A clear and complete response to the solicitation is critical so that the evaluation team may adequately understand all aspects of the proposal.
 - 3. Proposers shall furnish acceptable evidence of their ability to perform, such as financial stability and the ability to obtain the necessary personnel when requested by CITILINK. Refusal to provide requested information may cause the proposal to be rejected.
 - 4. The evaluation team will make such investigations as are considered necessary for complete evaluation. The evaluation panel will employ those evaluation criteria set forth in this solicitation or in addenda that may be issued. The evaluation criteria shall be deemed to include any unstated sub

criterion that logically might be included within the scope of the stated criterion.

5. CITILINK reserves the right to select proposals that are in a competitive range, conduct discussions, and request Best and Final Offers. CITILINK also reserves the right to make an award without discussions or requesting Best and Final Offers.

B. Opening of Proposals

Proposals will not be publicly opened. All proposals and evaluations will be kept strictly confidential, as allowed by law, throughout the evaluation, negotiation and selection process. Only the members of the evaluation team and other CITILINK officials, employees and agents that have a legitimate interest will be provided access to the proposals and evaluation results during this period.

C. Evaluation Criteria

The following factors will be used as a guideline to evaluate the proposal:

1. Project Approach
2. Qualifications, Related Experience, Personnel and References
3. Cost Proposal
4. Conformance to Requirements and Specifications
5. Participation by Disadvantaged Business Enterprises (DBE)

D. Evaluation Procedures

1. Proposers may be invited to interview with the Evaluation Team. The Evaluation Team reserves the right to interview the Proposer(s) it selects. The Evaluation Team has no obligation to interview any or all Proposer(s).
2. Evaluations will be made in strict accordance with all of the evaluation criteria and procedures. CITILINK will select for any award the highest ranked proposal from a responsible, qualified Proposer, which does not render this procurement financially infeasible, and is judged to be most advantageous to CITILINK based on consideration of the Evaluation Criteria.

E. Confidentiality of Proposals

1. Access to government records is governed by the State of Indiana. Except as otherwise required by the State of Indiana, CITILINK will exempt from disclosure proprietary information, trade secrets and confidential commercial and financial information submitted in the proposal. Any such proprietary information, trade secrets or confidential commercial information, which a Proposer believes should be exempted from disclosure, shall be specifically identified and marked as such. Blanket-type identification by designating whole pages or sections as containing proprietary information, trade secrets or confidential commercial and financial information will not assure confidentiality. The specific proprietary information, trade secrets or confidential commercial and financial information must be clearly identified as such.
2. The Proposer shall submit proprietary information, trade secrets or confidential commercial and financial information, which a Proposer believes should be exempted from disclosure, in a separate volume specifically identified and marked as such as an appendix to the proposal.
3. Upon a request for records from a third party regarding this proposal CITILINK will notify in writing the party involved. The party involved shall indemnify CITILINK's defense costs associated with its refusal to produce such identified information; otherwise, the requested information may be released.
4. CITILINK shall employ sound business practices no less diligent than those used for CITILINK's own confidential information to protect the confidence of all licensed technology, software, documentation, drawings, schematics, manuals, data and other information and material provided by Proposer and the Contractor pursuant to the Contract which contain confidential commercial or financial information, trade secrets or proprietary information as defined in or pursuant to the State of Indiana against disclosure of such information and material to third parties except as permitted by the Contract. The Contractor shall be responsible for ensuring that confidential commercial or financial information, trade secrets or proprietary information, with such determinations to be made by CITILINK in its sole discretion, bears appropriate notice relating to its confidential character.

4.8 RESPONSE TO PROPOSALS

A. Notice of Award

The contract shall be deemed to include all provisions of this RFP, and all provisions required in public contracts by local, state and federal law.

B. Notice to Unsuccessful Proposers

1. CITILINK will inform unsuccessful Proposers who were within the competitive range at the time negotiations closed of the following information:
 - a. The number of proposals CITILINK received.
 - b. The name of the successful Proposer.
2. CITILINK will try to give the notice under this paragraph promptly after contract award. CITILINK's failure to give that notice shall not be deemed to affect the validity of the contract.

C. Acceptance/Rejection of Proposals

1. CITILINK reserves the right to reject any or all proposals for sound business reasons, to undertake discussions with one or more Proposers, and to accept that proposal or modified proposal which, in its judgment, will be most advantageous to CITILINK, price and other evaluation criteria considered. CITILINK reserves the right to consider any specific proposal that is conditional or not prepared in accordance with the instructions and requirements of this RFP to be noncompetitive. CITILINK reserves the right to waive any defects, or minor informalities or irregularities in any proposal that do not materially affect the proposal or prejudice other Proposers.
2. If there is any evidence indicating that two or more Proposers are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Proposers shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by CITILINK.
3. CITILINK may reject a proposal that includes unacceptable deviations.

D. Single Proposal Response

If only one proposal is received and it is found by CITILINK to be acceptable, a detailed price/cost proposal may be requested of the single Proposer. A price or cost analysis, or both, possibly including an audit, may be performed by or for CITILINK of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The Proposer has agreed to such analysis by submitting a proposal in response to this RFP. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity, involving similar specifications and in a similar period. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto. Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price. A cost analysis is a more detailed evaluation of the cost elements in the Proposer's Offer. It is conducted to form an opinion as to the degree to which the proposed

costs represent what the Proposer's performance should cost. A cost analysis is generally conducted to determine whether the Proposer is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable, and reasonable. Any such analyses and the results there from shall not obligate CITILINK to accept such a single proposal; and CITILINK may reject such proposal at its sole discretion.

E. Cancellation of Procurement

CITILINK reserves the right to cancel the procurement, for sound business reasons, at any time before the Contract is fully approved and executed on behalf of CITILINK. CITILINK will not pay Proposers any costs incurred in the preparation of a proposal responding to this RFP.

4.9 PROTEST PROCEDURES

a. General Procedures

- A. Any Proposer or Contractor whose direct economic interest would be affected by the award of the Contract or the failure to award the Contract may file a protest, claim or dispute with CITILINK pursuant to these protest procedures prior to filing any protest, claim or dispute with the FTA.
- B. Protests, claims or disputes, where applicable, shall be in writing and filed with CITILINK directed to the General Manager, 801 Leesburg Rd, Fort Wayne, IN 46808. Failure to comply with any of the requirements may result in rejection of the protest.

b. Protest Before Proposal Opening

- A. Protests shall be submitted in writing prior to the opening of proposals, unless the aggrieved person did not know and could not have known of the facts giving rise to such protest prior to the opening. In that case, the protest shall be submitted within five (5) calendar days after such aggrieved person knows or should have known of the facts giving rise to the protest. The protest shall clearly identify:
 - 1. The name, address, and telephone number of the protester
 - 2. The grounds for the protest, any and all documentation to support the protest and the relief sought

In addition, any individual or entity may file a protest with CITILINK alleging that CITILINK has failed to follow its Procurement Protest Procedures. Such protest must be filed no later than five (5) calendar days from the notice of intent to award or non-award of the procurement Contract.
- B. Any protests, disputes, or claims with respect to the award of a Contract through solicitation of proposals shall be submitted in writing within five (5) days of notification of such award to the General Manager for a decision. All claims shall clearly identify:
 - 1. The name, address, and telephone number of the protester
 - 2. The grounds for the protest, any and all documentation to support the protest and the relief sought
 - 3. Steps that have been taken to date in an attempt to correct the alleged problem or concern.

A written decision by the CITILINK General Manager stating the grounds for allowing or denying the protest will be mailed to the protestor prior to execution of the Contract. Such decision shall be final unless the Board of Directors accepts an appeal of the General Manager’s decision.

C. FTA Protest Procedures

FTA will only review protests regarding the alleged failure of CITILINK to have written protest procedures, or the alleged failure to follow such procedures. An alleged violation on other grounds falls under the jurisdiction of the appropriate State or local administrative or judicial authorities. Alleged violations of a specific Federal requirement that provides an applicable complaint procedure shall be submitted and processed in accordance with the Federal regulation. FTA will only review protest submitted by an interested party as defined in FTA 4220.1F. FTA’s decision on any appeal will be final.

4.10 PROPOSAL AS A CONTRACT

Each proposal will be submitted with the understanding that acceptance in writing by CITILINK of the offer to furnish the products or services described shall bind the Proposer to furnish and deliver at the proposed price and in accordance with the specifications, terms and conditions, and other requirements detailed in the RFP or subsequent addendum.

4.11 WAIVER

The Proposer shall represent and warrant that they have sufficiently informed themselves

in all matters affecting the performance of the work called for in the scope of this project; that they have checked the proposal for errors and omissions; that the prices stated in the proposal are correct and as intended by them and is a complete and correct statement of the prices for performing the work required.

4.12 CONTRACT AWARD AND EXECUTION

The acceptance of an Offer for award, if made, shall be evidenced by a notice of award of Contract in writing delivered in person or by registered mail to the Offeror whose Offer is accepted. No other act by CITILINK shall evidence acceptance of an Offer. Such notice shall obligate said Offeror to commence performance under the Contract as specified in Production of Documents.

4.13 CONTRACT DOCUMENTS AND PRECEDENCE

The documents embodying the legally binding obligations between CITILINK and the Contractor for the work to be performed under the Contract consist of the documents listed below. The Contract documents constituting the Contract between CITILINK and the Contractor are intended to be complementary so that what is required by any one of them shall be as binding as if called for by all of them. In the event of any conflicting provisions or requirements within the several parts of the Contract Documents, they shall take precedence in the following order:

- A. The Contract, together with any written change orders or amendments executed subsequent to the Contract, attached exhibits which are part of the Contract as well as documents incorporated in the Contract by reference.
- B. CITILINK’s Specifications and all Terms and Conditions incorporated in the Contract by reference.
- C. The Contractor’s Proposal, as accepted by CITILINK.

- E. In CITILINK’S discretion, an agreement covering terms appropriate for a Contract of this nature not covered in this Request for Proposal and the Contractor’s Proposal.

4.14 CONTRACTOR CHANGES

Any proposed change in this Contract shall be submitted to CITILINK for its prior approval.

4.15 WRITTEN CHANGE ORDERS

Oral change orders are not permitted. No change in this Contract shall be made unless the Contracting Officer gives prior written approval therefore. The Contractor shall be liable for all costs resulting from, and/or for satisfactorily correcting, any specification change not properly ordered by written modification to the Contract and signed by the Contracting Officer.

4.16 CHANGE ORDER PROCEDURE

As soon as reasonably possible but no later than thirty (30) calendar days after receipt of the written change order to modify the contract, the Contractor shall submit to the Contracting Officer a detailed price and schedule proposal for the work to be performed. SECTION 5 – FEDERAL TERMS AND CONDITIONS

This contract is federally-assisted, and as such, the following federal terms and conditions apply.

5.1 NO OBLIGATION BY THE FEDERAL GOVERNMENT

This requirement is applicable to all subcontractors at any tier as needed for compliance with Federal regulations. 5.4 CHANGES IN FEDERAL LAWS AND REGULATIONS

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the agreement between CITILINK and FTA that funds any part of this Contract, as they may be amended or promulgated from time to time during the term of this Contract. Contractor’s failure to so comply shall constitute a material breach of this Contract.

5.8 TERMINATIONS (FEDERAL CLAUSES)

Termination for Convenience:

CITILINK may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the CITILINK’S best interest. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the CITILINK that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, CITILINK, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

5.9 DEBARMENT AND SUSPENSION CERTIFICATION REQUIREMENTS

- 1 By signing and submitting this proposal, the prospective lower tier participant is providing the signed certification set out in Debarment and Suspension Certification.
- 2 The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, CITILINK may pursue available remedies, including suspension and/or debarment.
- 3 The prospective lower tier participant shall provide immediate written notice to CITILINK if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4 The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “persons,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549 [49 C.F.R. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List issued by U.S. General Service Administration.

Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by FWPTC or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.
